Database Schema Documentation

Core Tables

users - User authentication and profile information

- UserId (PK), Email, Password, Role, IsActive, ...

User Data Tables

personal_details - Personal information for ITR filing

- id (PK), UserId (FK), PANNumber, FirstName, LastName, ...

document_details - Uploaded document metadata

- id (PK), UserId (FK), PanNumber, name, type, fileName, ...

ITR Management Tables

itr_detail - ITR filing records

- id (PK), userId (FK), panNumber, financialYear, status, ...

itr_source - ITR income sources

- id (PK), itrId (FK), sourceType, sourceName, amount, ...

itr_packages - Available ITR packages/pricing

- id (PK), packagename, price, title1, description1, ...

Payment Tables

payment_info - Payment transactions

- id (PK), payment_id, user_id (FK), package_id (FK), order_id, ...

payment_additional_fees - Configurable additional fees

- id (PK), fee_name, fee_amount, display_order, is_active, ...

Status & Tracking Tables

itr_order_status - Order status tracking *Generated: 2026-01-11 13:59:12*

- id (PK), order_id, itr_id (FK), user_id (FK), status_step, ...

itr_order_concerns - Concerns/issues for orders

- id (PK), status_id (FK), user_id (FK), concern_type, concern_text, ...

itr_assignments - ITR assignments to professionals

- id (PK), itr_id (FK), user_id (FK), professional_id (FK), status, ...

Catalog Tables

services - Available services

- id (PK), Name, CreatedAt

User Roles

Role ENUM: CLIENT, ADMIN, ACCOUNTANT, CA

CLIENT - Regular users filing ITR

ADMIN - System administrators

ACCOUNTANT - Tax professionals/accountants

CA - Chartered Accountants

API Documentation Summary

Authentication APIs

- POST /auth/signup.php - User Registration
- POST /auth/login.php - User Login (Returns JWT Token)
- POST /auth/refresh_token.php - Refresh JWT Token
- POST /auth/forget_password.php - Password Reset

Personal Details APIs

- POST /itr/details/personal_details.php - Add/Update Personal Details
- GET /itr/details/get_personal_detail.php - Get Personal Details

Document Management APIs

- POST /itr/details/add_documents.php - Upload Document
- POST /itr/details/save_documents.php - Save Document Metadata
- GET /itr/details/get_documents.php - Get User Documents
- POST /itr/details/delete_document.php - Delete Document
- GET /itr/details/download_document.php - Download Document

Payment APIs

- GET /payment/get_payment_info.php - Get Payment Information
- POST /payment/initiate_payment.php - Initiate Payment
- GET /payment/get_payment_status.php - Get Payment Status
- GET /payment/get_payment_history.php - Get Payment History
- POST /payment/verify_payment.php - Verify Payment
- POST /payment/webhook.php - Payment Webhook
- GET /payment/success.php - Payment Success Page

ITR Management APIs

- GET /get_itr_byuser.php - Get ITR by User ID
- GET /get_itr_byitr_id.php - Get ITR by ITR ID
- GET /package/get_packages.php - Get Available Packages

Status Tracking APIs

- GET /itr/status/get_order_status.php - Get Order Status
- POST /itr/status/raise_concern.php - Raise Concern
- POST /itr/status/resolve_concern.php - Resolve Concern

Admin Panel APIs

- GET /admin/dashboard.php - Dashboard Statistics
- GET /admin/users.php - Get Users List
- GET /admin/orders.php - Get Orders List
- GET /admin/payments.php - Get Payments List
- GET /admin/itrs.php - Get ITRs List
- GET /admin/concerns.php - Get Concerns List
- GET /admin/analytics.php - Get Analytics Data
- POST /admin/assign_itr.php - Assign ITR to Professional
- GET /admin/get_assignments.php - Get Assignments
- POST /admin/update_assignment.php - Update Assignment
